

NRCS Activity Report
To the
Morton County Soil Conservation District Board

Date: September 8th, 2022

By
Landon Weiser

The month of August was spent doing many field visits, assessments, and meeting with producers following our planning first protocol. We used this time for collecting data and determining needs and feasibility before signing an application for contracts. The signup deadline for FY2023 EQIP is September 23rd. We have several applications signed so far and should add a few more before the deadline.

We have been out to flag some well, pipeline, and tank locations as well as keeping tabs on practices such as cover crop and grass seedings for active contracts. We have worked with some individuals on seed mixes for both. Some water development practices have been implemented along with a few cross fences. For CSP contract holders, documentation is due by September 15th so we can certify practices by the end of the fiscal year.

The staff in the Mandan FO has been busy helping elsewhere and going to trainings. Jake has been acting DC in Carson and will be down there for the foreseeable future most days until that position is filled. Bryce and Tim have been planning some in Morton and have a list of producers in Sioux and Grant County they are planning with.

Year	Income	Expense	Description
2017	\$ 3,340.00	\$ 38,852.00	Drill Purchase
	\$ 29,064.00		ND Game and Fish Payment 75% in June
2018	\$ 1,740.00	\$ 76.40	Grease Fittings and Lines
2019	\$ 3,743.00	\$ 33.67	Lift Bracket
2020	\$ 6,394.13	\$ 1,152.00	Scrapers, Pin, Springs, and Lost Wave Coulter
2021	\$ 3,225.00	\$ 103.09	Cracked Hub and Bearing, Misc. Hardware
2022	\$ 7,236.00	\$ 371.99	Scrapers, Set & Due for Disks

↑ 15 ac

Cooperator Agrees:

1. Provide a map of the field to be seeded along with a Legal Description.
2. Contact the district to coordinate seeding time.
3. Agree the SCD is not liable for failures of the planting due to weather, poor germination, negligence, seeding date, etc.
4. Agree not to hold the Morton County SCD responsible for damages or losses from equipment, chemicals, weather, disease, insects, crop growth, or any other factor that may affect the overall production of the seeding.

Cooperator shall indemnify and hold harmless the District and its officers, agents and employees from any and all liability or claims in connection with this agreement, including, but not limited to, the selection, delivery, use, operation, or return of this equipment.

The District has the right to refuse planting service due to adverse (rough, rocky, etc....) field conditions as interpreted by an SCD employee.

I fully understand and agree to the above policies of the Morton County Soil Conservation District.

Morton County SCD Truax Lease Agreement

This agreement is entered into between the Morton County Soil Conservation District and

Cooperator Name Phone

Address Insurance Company

Cooperator agrees to issue the District a check for Deposit at 50% of the estimated bill based on acreage. The Deposit is required at the time when agreement is endorsed. The charge will be \$10.00/acre to lease. There will be a minimum 10-acre charge of \$100 and \$50 for delivery (if applicable). Cooperator agrees to pick up the Truax Drill at a location as directed by the Morton County Soil Conservation office and, if necessary, return it to a satisfactory location or be charged a \$50 fee.

hwy dept rate

Cooperator Agrees:

- 1. Provide a map of the field to be seeded along with a Legal Description.
- 2. Maximum of 3 days use- additional days will be added to the end of the list (not including rain days).
- 3. Inform the District Office of delays due to rain or equipment failure.
- 4. Perform daily maintenance and clean/vacuum out all boxes and seed tubes when seeding is completed. **A penalty of \$50 will be imposed if the drill is not cleaned to the satisfaction of the SCD employee inspecting the drill at the time of pick-up. This includes, but is not limited to, mud buildup from wet field conditions.**
- 5. To provide necessary hydraulic adapters, if needed.
- 6. Contact District personnel in case of needed repairs and maintenance.
- 7. To operate the Truax Drill according to the operators manual instructions and as the Morton County SCD directs.
- 8. To be responsible for damages caused by neglect or abuse as determined by the Morton County SCD.
- 9. Comply with all federal, state, and local laws and ordinances applicable to the use of the equipment.
- 10. Agree not to hold the Morton County SCD responsible for damages or losses from equipment, chemicals, weather, disease, insects, crop growth, or any other factor that may affect the overall production of the seeding.

Cooperator shall indemnify and hold harmless the District and its officers, agents and employees from any and all liability or claims in connection with this agreement, including, but not limited to, the selection, delivery, use, operation, or return of this equipment. Cooperator, at their own expense, will provide during the term of this lease agreement and before any equipment covered by this lease agreement is used, such insurance of the type and in amount satisfactory to the District as is necessary to insure the District for and against any liability or loss to any property resulting from or arising out of the use, possession, or operation of any equipment hereby leased.

The District has the right to refuse rental service due to adverse (rough, rocky, etc....) field conditions as interpreted by an SCD employee.

I fully understand and agree to the above policies of the Morton County Soil Conservation District.

Subject: FW: Tree Pricing Update - Townner State Nursery

Importance: High

FYI,

From: Schell, Rhonda <rhonda.schell@nds.u.edu>
Sent: Tuesday, August 30, 2022 3:23 PM
Subject: Tree Pricing Update - Townner State Nursery
Importance: High

Good Afternoon,

Wow, this year is flying fast. Seems like last week that we were just finishing up with districts picking up trees.

In planning for the upcoming year, we wanted to inform you that there has been a modest price increase on our stock. These price increases are necessary to ensure that Townner State Nursery recovers its operating costs as tree prices have not kept pace with operating expenditures and inflation. We hope our customers are understanding of this decision. All transplanted (2-1 and 2-2) stock went up \$0.10 to \$.95 each and the non-transplanted (1-0, 2-0, 3-0) stock went up \$0.05 to \$.85 each. Our container grown (plugs) went up \$0.05 to \$1.20 each. Our (2-3) Meyer spruce also increased \$.10 to \$1.10 each but the (2-3) Black Hills and (2-3) Colorado spruce remained the same at \$2.25 each.

Seed bed losses caused by the open winter of 2019-2020 will affect our inventory availability for the 2023 and 2024 seasons. We still feel confident that we will have adequate quantities for all the ND Soil Conservation Districts to fulfill December 1st initial orders, with the exception of bare root Ponderosa and Scotch pine. Looking ahead to the spring of 2025, we should see normal stock inventories and availabilities.

Based on customer feedback and demand, we are pleased to announce the addition of new stock types in the 2023 catalog. Our 2023 inventory will include Caragana 15-18" (2-0), Chokecherry 12-18" (2-0) and American Plum 12-18" (1-0). These bare root stock types, grown from seed sources hardy for North Dakota, are \$0.85. They will be limited in availability, so call the nursery for more information.

Another small change will be for the bags and tags that some request for special events. We will still have them available, but are no longer able to provide those for free. The cost will be \$12 per 50, which will include the bag, tag and twist tie. It is best to let me know with the order to ensure that we have enough on hand when the time comes.

Once the 2023 Catalog is complete and placed on our website, I will let you all know.

Ref: 2022 Area Meetings / REMINDER

SCD Staff and Supervisors,

The Area Meetings will be held on Sunday, November 20, 2022 at the Annual Conventions. The meetings will be held from 6:00pm – 7:00pm. Below is the list of host districts and the area directors who are up for election. The area directors have decided to take on the responsibility of hosting their area's meeting(s). If you have any questions regarding this, you can email gfracassi@lincolnnoakes.com or call 701-223-8518.

Area I: The 2022 host district is Pembina County. Albert Wood's term (Ramsey Co) expires; he is **not** eligible for re-election. Sam Partlow (Foster Co) fulfilled the remainder of Julius Wagner's term (Walsh Co); he is eligible for a two-year elected term.

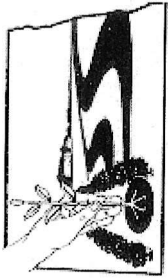

Area II: The 2022 host district is James River SCD. Keith Bartholomay's term (Ransom Co) expires; he is **not** eligible for re-election.

Area III: The 2022 host district is Mouse River SCD. Steve Gilje's term (Rolette Co) expires; he is eligible for re-election.

Area IV: The 2022 host district is Morton County. Kelly Froelich's term (Cedar SCD) expires; he is eligible for re-election.

Area V: The 2022 host district is Stark and Billings SCD. Kent Pedersen's term (McKenzie Co) expires; he is eligible for re-election.

If you have any questions regarding elections, please feel free to contact any of your NDASCD Board of Directors or staff.

Re: Names of Deceased District Supervisors, District Personnel,
NRCS, and Extension Personnel for 2019/2022

Each year your Association holds a Time of Remembrance at the Annual Meeting. During this time, we pause to remember the deceased persons who worked with Soil Conservation Districts as supervisors, district personnel, NRCS, and Extension personnel.

The period covered for this report is October 10, 2019 through September 1, 2022. The NDASCD would like to honor all persons from this last year and the two years the convention was virtual. If you have deceased personnel to report, we ask that you fill out the form below and return it to **NDASCD, 3310 University Drive, Bismarck, ND, 58504 -- by September 15, 2022 or email to gfracassi@lincolnoakes.com**

Thank you,

RE: **Largest Percent Increase in Tree Planting Award**

To recognize North Dakota Soil Conservation Districts, the Largest Percent Increase in Tree Planting Awards are presented annually during the NDASCD Annual Meeting in November. The board changed this award to reflect a largest percent increase from the previous year (no longer the previous two years). These awards are based on the district's percent increase in this year's tree planting over last year's tree plantings. The 2021-2022 tree planting numbers should include **all** trees planted (not just trees purchased at Lincoln-Oakes Nursery) by the District.

Ref: Resolutions 2nd Notice

SCD Staff and Supervisors,

Just a follow up reminder if any SCD Supervisors on behalf of your SCD wish to submit a resolution at your Annual Meeting held on November 20-22, 2022 in Bismarck the following protocol must be followed for consideration per NDASCD guidelines.

For a resolution to be considered at the annual convention it has to be submitted to NDASCD 30 days prior to the convention. At the Area meetings (Sunday) it can be discussed and given a recommendation as to a pass or fail. It will then travel through the resolution committee and voted on by supervisors at the (Tuesday) Business Meeting. Any resolutions that didn't arrive at NDASCD 30 days prior can still be talked about and developed at the Area Meetings (Sunday) would be considered at the following years convention.

If a district wishes to submit a resolution, we ask they are submitted by the close of business on Friday, October 21st, 2022 for the 30 day consideration to be distributed to all SCD's for review. You may either mail into the NDASCD office location or email to Rhonda@lincolnnoakes.com.
